

# CHÂTEAU FRANC-CARDINAL

*We are proud to present our 2022 vintage, a vintage considered among the finest in Bordeaux.*

*For many years, we have worked towards helping our vineyard develop a strong natural resilience. In 2022, the vines' excellent health allowed them to fully embrace a particularly hot, dry, and sunny summer.*

*The result is a generous and seductive wine, with vibrant aromas of red and black fruits. Full and ample on the palate yet never heavy, it is lifted by the beautiful presence of Cabernet Francs, delightfully subtle and refined.*

*With strong ageing potential, this wine, now beginning to soften and settle, will be particularly enjoyable from 2026 onwards. Cheers!*
